Activities

Wastewater Tour

Name: _____ Date: _____

What happens to our waste when it leaves the pipe in our homes? This Planet Diary activity tracks wastewater's journey to a modern treatment plant.

Directions

- Get onboard the Virtual Sewage tour. Before taking the tour, review the Workspace questions.
- Click *Enter* and then *Next Step* to move through the tour. Click *Back* if you need to see any part of it again. Answer the questions as you make your way through it.

Workspace

1. Why shouldn't you put grease down the drain?

2. What does the sewer main's interceptor do?

3. What is the job of an influent screen?

4. What happens in the grit chamber?

5. What happens in the sedimentation tank?

6. What does the digester do?
