# WRITING, AUDIO, AND VIDEO ACTIVITIES

#### **Video Communication Activities - Videohistorias**

Videohistorias provide real-life scenarios that model language usage and activities that check for understanding. Teens are from various Spanish-speaking backgrounds located in places such as Chicago, New York, Miami, San Antonio and others. Each Videohistoria has associated communication activities which are found in the Vocabulario in Contexto option.

#### **Communication Activities – Writing and Audio**

The Communication Activities focus on the communication skills of listening, reading, and writing. It includes student response sheets for audio and video activities, expanded writing activities and thematic Spanish or English readings with test questions. Audio and video are embedded within the platform or files are available separately.

#### **Communication Activities – Audio and Video Files**

The Communication Activities focus on the communication skills of listening, reading, and writing. They include student response sheets for audio and video activities, expanded writing activities and thematic Spanish or English readings with test questions. Audio and video are embedded within the platform or files are available separately and can be downloaded to use offline.

#### **Communication Activities – Practice Tests**

Practice tests provide opportunities for students to see where they are prior to taking the communication assessment and are a great tool for those students needing extra practice. They focus on the communication skills of listening, reading, and writing. There are thematic Spanish or English readings with test questions. These assessments are located both within each chapter option ("Assessment") and in the Ancillaries option in the Table of Contents. There are digital, printable and fillable versions.

# Assessments

#### **Pruebas**

Assessments within each chapter assess vocabulary recognition, usage, and grammar. Pruebas have digital versions within the course as well as printable and fillable versions. Answer keys are located within the Assessment Program under the Ancillaries option in the Table of Contents.

#### Examen del capítulo

These are summative performance and achievement assessments at the end of each chapter. End of chapter tests assess the student for both language proficiency related to each theme as well as cultural understanding. They are embedded with the digital course and available in printable and fillable versions.

#### Examen del capítulo – Audio Files

Audio files to accompany the end of chapter assessment can be downloaded for offline use. Audio files are embedded in the online version of the Examen and also located in the Multimedia option in the Table of Contents.

# Customizing Auténtico on Realize®

Make it your own! The Savvas Realize platform is completely customizable. You can move items, rearrange items and even add your own content.

#### Customizing Using Download/Upload

Just download/upload an item to put it where it works for you.

Here's how it works:

- o Locate and download the resource.
- o Navigate to where you want it.
- o Click "Customize" & upload.

#### **Customizing Using Links**

Simply copy and paste a link to add the item where it works for you.

Here's how it works:

- o Locate the resource.
- o Copy the URL.
- o Click "Customize" & paste the URL.

## Customizing Using Download/Upload

Locate the file you would like to download. For this example, we will download an assessment
audio file. Note: this method will work for any downloadable item.
Click the link to the assessment audio to acces the file.
Click the 3 dots on the right, then click "Download" to download the file.

## Customizing Using Links

Example: Adding Editable Wor	ksheet to Capít	ulo's Vocabulario en Contexto option (5A)
Editable Core Activity: La familia	ssign	Locate the item you would like to use. For this example, we will add the Editable Core Activity (see above for help locating the file or go to Table of contents, Ancillaries, Leveled Vocabulary and Grammar Workbook, Editable Core) to the Vocabulario in Contexto option.
		Click to access the file.
