

## Elevate Science © 2019

### Grades K–8

#### Be a Trailblazer!

#### Description

Continue your learning with Elevate Science after program activation. Take a six-week challenge to learn even more about the Elevate Science Product by accepting one of these Challenges on a weekly basis. Continue to prepare for program implementation success in your classroom by blazing the trail with these additional Program Activation challenges.

#### What's in it for me?

You'll get a great Lesson Planning Template to use with each Topic in Elevate Science. You'll discover activities that can be assigned to your students to extend their learning. You'll learn a lot more about what our Digital solution has to offer! You'll become more organized to tackle your school year!

#### What are the Challenges?

- Challenge 1 - Quests and Career Connections
- Challenge 2 – Games (K-5) or uEngineer It! Activities (Middle Grades)
- Challenge 3 - Using Chat and Webinar on [MySavvasTraining.com](https://www.MySavvasTraining.com)
- Challenge 4 - Build a Test using ExamView® Test Generator
- Challenge 5 - ELA Vocabulary
- Challenge 6 – Lesson Planning
