### MyGraphicsLab Overview

#### **MyGraphicsLab is a complete online solution for learning the Adobe Apps!**

MyGraphicsLab courses provide students with a complete solution—fresh portfolio-building projects, presentations, video tutorials, and quizzes. Each course includes a Classroom in a Book eText, and is easily accessible from any device or laptop.

We offer courses on Adobe Photoshop, Illustrator, InDesign, Flash Professional, Dreamweaver, and Premiere Pro, across versions—CS5, CS6, CS6 ACA and CC.

MyGraphicsLab courses include these essential, ready-to-use tools:

- Comprehensive introductory presentations
- Fresh and innovative projects with project files that reinforce core concepts through creative, hands-on experience
- Premium-quality instructional video tutorials
- Pre- or post-test quizzes that allow for flexible assessment

The MyGraphicsLab CS6 ACA and CC courses include all of the above tools plus...

- They have the added bonus of being mapped and structured to the objectives of the Adobe Certified Associate (ACA) Exams!
- The introductory presentations cover all ACA objectives.
- The instructional video tutorials are closed captioned.
- Reading excerpts selected from the Classroom in a Book eText increase comprehension of each topic.
