

# Foundational Reading

## Asynchronous Program Activation Course Syllabus

### Course Description

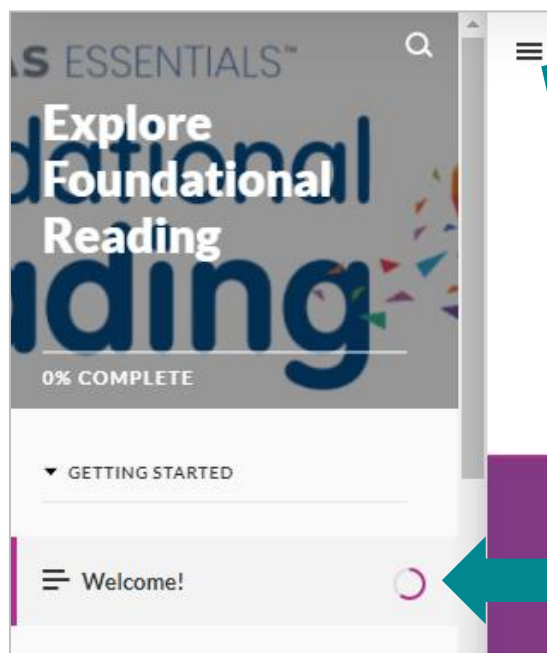

Let's explore *Savvas Essentials: Foundational Reading* and its interactive program components. We'll dig into the modules and print and digital resources. Through interactive experiences, you will practice using program resources, preparing you to use the program on day one.

### Learning Goals

Today I will explore...	Tomorrow I will be able to...
<b>Instructional Design</b>	<ul style="list-style-type: none"> <li>• Explain the alignment to science of reading research</li> <li>• Apply the 3-step instructional design</li> </ul>
<b>Print and Digital Components</b>	<ul style="list-style-type: none"> <li>• Navigate program components, strategically using resources to support student learning</li> <li>• Help students access and use these resources so that they have meaningful and varied practice opportunities</li> </ul>
<b>Planning and Monitoring Tools</b>	<ul style="list-style-type: none"> <li>• Monitor skill development through formative assessment</li> <li>• Make informed instructional decisions to personalize learning for my students</li> </ul>
