How to Create an Assignment

Create assignment

1 Details 2 Settings 3 Students 4 Review

Step 1: Add assignment details

Title
Skill Video: Analyze Data

Start date
mm/dd/yyyy
08/17/2026

Due date
mm/dd/yyyy
mm/dd/yyyy

☐ Set start and end times

☐ Set student time of day access

Student instructions (optional)

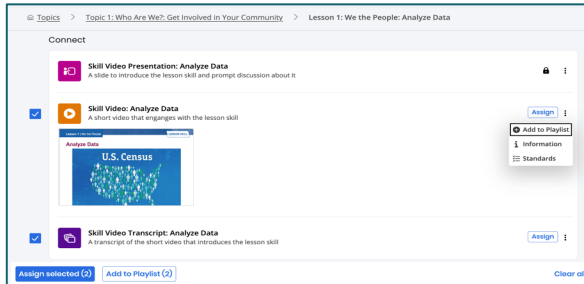

Cancel Back Next

Within a topic or lesson, check the box next to the desired content or check *Select all* assignable content, then *Assign Selected*.

In the *Create Assignment* box, complete the following steps:

- Enter the Start and Due dates
- Set a start and end time
- Add any instructions in the Instructions box
- Enter a class, group or student name; select from the options that appear.
- Review your selections and click *Assign*

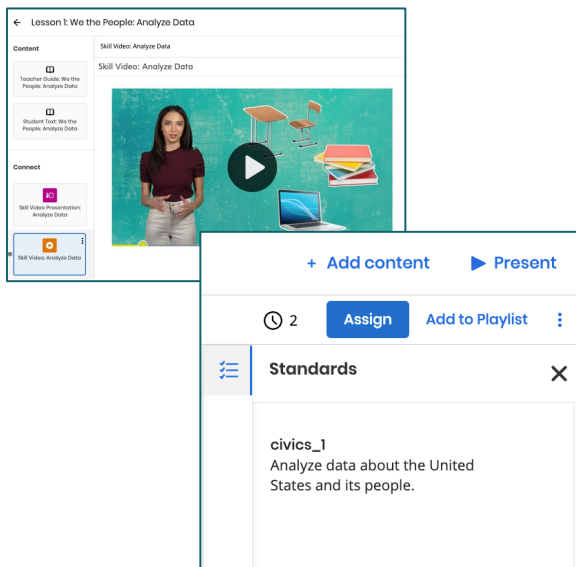

How to Create a Playlist

From a topic or lesson check the boxes next to the desired content. Click *Add to Playlist*.

Then click *Create New Playlist*. Type a title and description, then click *Create Playlist*.

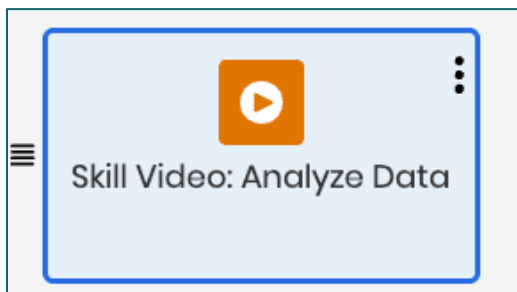

Teacher Planning and Presenter View

Click on any item to open the *Teacher Planning and Presenter View*.

- On the left side, in the slide-sorter view, find activities for the lesson.
- In the middle, preview the activity.
- On the right, find the standards and *Teacher Resources*.
- Click *Add Content* to upload customized content to a lesson.
- Click *Present* in the upper right to display the lesson components.

Slide Sorter

In slide-sorter view, use the lines on the left to drag and drop the lesson elements to rearrange order of content.

Click the 3 dots on the right to hide any content.

At the lesson level, click *Customize* to add personalized content and links from a variety of sources

[Table of contents](#) > [Inquiry Center](#)
