

Digital Path—Topic and Lesson Review

Not sure how to access the topic and lesson resources
for Savvas California History-Social Science programs?
Follow the path to learn how!

Topic Walk-Through	
Navigate to Topic-level Resources	Click to Discover
<p>Explore topic-level resources.</p> <div style="border: 1px solid black; height: 150px; margin-top: 20px;"></div> <div style="border: 1px solid black; height: 150px; margin-top: 20px;"></div>	<p>From the Table of Contents, click a topic folder to explore the following:</p> <ul style="list-style-type: none"> • Topic Introduction <ul style="list-style-type: none"> ○ My Story Video ○ The Essential Question ○ Overview Activity <p>Click Teacher Resources to locate support. Click the Teacher’s Edition Support link to locate the Topic Organizer.</p> <p>Magruder’s American Government and Economics: Click the Civic Action Project, or Civic Discussion, or Document-Based Question (DBQ) option. Click the Teacher Resources drop-down menu to locate support.</p> <p>United States History and World History: Click the Project Based Learning, or Document-Based Question, or Civic Discussion option. Review the Teacher Resources. Click the Teacher Resources drop-down menu to locate support.</p>

Explore how to make an assignment

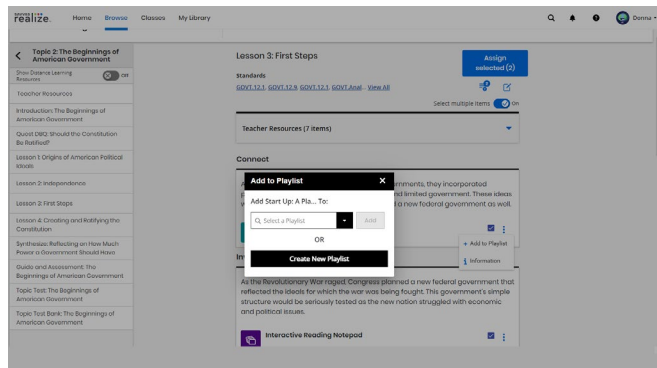

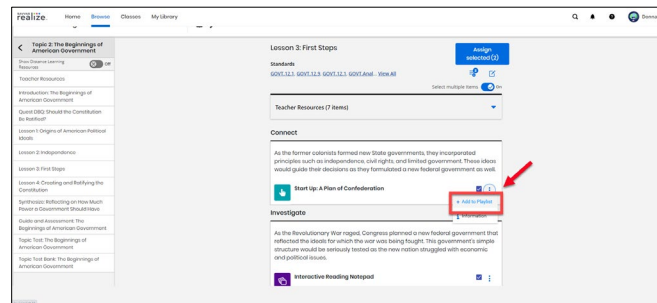

Within a topic or lesson-level options, select the desired content to assign to students. (Note: You can make multiple assignments at one time by turning on the “Select multiple items” option ON, and then checking the box next to content you wish to assign). Click **Assign Selected**. The **Create an assignment** box will display. Practice making an assignment.

- Enter the Start and Due dates
- Set a start and end time (This reduces students’ ability to share answers)
- Add any instructions in the Instructions box
- Enter a class, group or student name; select from the options that appear.

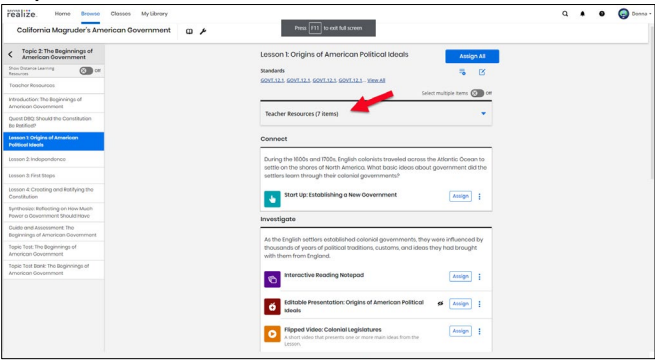

Click Cancel (if you are just practicing) or click Assign to assign content to your students.

Explore how to create a Playlist

From a topic or lesson-level options, check the boxes next to the desired content you wish to include in a playlist. Click the eclipses and select, **Add to Playlist**. Then in the **Add to Playlist** box, click **Create New Playlist**. Type a title and description, then click Create Playlist.

Playlists can contain a unique combination of content that can be assigned at any time to your students. It’s a great way to organize what you want to include as part of your virtual classroom (i.e. Distance learning assignments, remediation or enrichment assignments, etc).

Lesson-Level Resources	
Navigate to Lesson-Level Resources	Click to Discover
