

Primary Spelling Inventory (PSI)

The Primary Spelling Inventory (PSI) is used in kindergarten through third grade. The 26 words are ordered by difficulty to sample features of the letter name–alphabetic to within word pattern stages. Call out enough words so that you have at least five or six misspelled words to analyze. For kindergarten students or other emergent readers, you may only need to call out the first five words. In late kindergarten and early first-grade classrooms, call out at least 15 words so that you sample digraphs and blends; use the entire list for late first, second, and third grades. If any students spell more than 22 words correctly, you may want to use the Elementary Spelling Inventory.

Using the following list, call out the spelling word, then the sample sentence, then repeat the spelling word.
