Accessing Pearson Realize Reader through Mobile Apps

The Interactive Student Edition and Teacher Edition, also known as Pearson Realize Reader, are available through apps for Chrome and iPad. This document provides directions on how to access the Realize Reader App and download Student Edition and Teacher's Edition content for offline use.

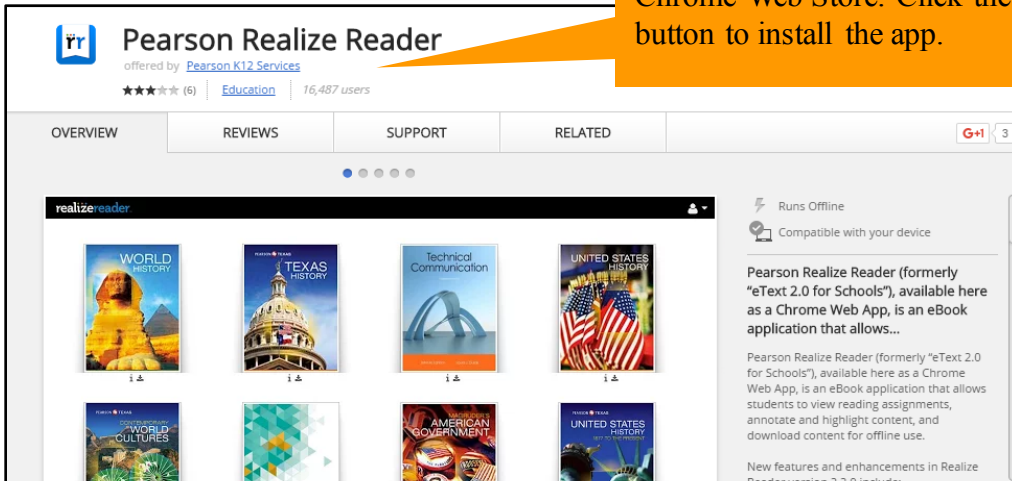

Pearson

Chrome App Directions

How to Access

**1** Visit the Pearson Realize Reader page in the Chrome Web Store. Click the "Add to Chrome" button to install the app.
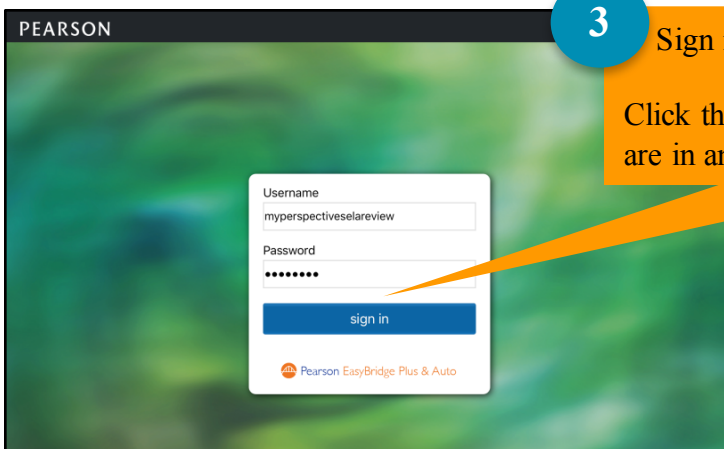

2 Go to chrome://apps and launch Pearson Realize Reader. You can right click the app icon to create a desktop shortcut.

3 Sign in with your Realize Credentials.

Click the EasyBridge Plus and Auto link if you are in an integrated district.

Chrome App Directions (continued)
## How to Download

4 Select the book and click on the download icon.

5 Slide the button to Select All to download the entire book, or slide the button to select by unit. The indicator bar will change to blue and the progress % will appear.

When the download is complete, "Yes" will appear where the percentage displays. The download is not complete unless you see "Yes".

How to Work Offline with Realize Reader

When students are ready to work offline, disconnect from Wi-Fi. Confirm that the content was downloaded for offline use by looking at the bookshelf. The downloaded content appears in color while content that was not downloaded is grey and not accessible.

Once work is completed and students are reconnected to the Internet, the student's work will sync automatically to the online version of Realize Reader. Students will see their work* regardless of how they access it—web browser, iOS or Chrome App.

To confirm that work that was completed offline synced up with the web version, students may want to check a few notebook entries in the web version of Realize Reader. Students will know the sync is complete when they see notebook entries they made offline in the web version of Realize Reader.

To ensure work that was completed offline has been saved, students need to sync completed work BEFORE accessing the same assignment on a different device and before turning in their assignment on Pearson Realize.

on Realize Reader

*Completed work in Interactives is visible when reviewing the assignment on Realize. After March 2017, work in Interactives will be visible in *all* versions of Realize Reader—Web, iOS app, and Chrome App.

Technical Information

Download Size & Speed

The Student/Teacher Edition include multimedia assets which are large files. As a result, devices must have adequate storage space to accommodate the content. Download speeds will vary depending on the connection type and bandwidth.

Chrome App System Requirements

System Requirements are subject to change.

Windows Requirements

- Windows 7, Windows 8, Windows 8.1, Windows 10
- Intel® Pentium® II 450 MHz or faster processor (or equivalent)
- 256 MB or higher RAM
- 4 GB hard drive space
- Supported browsers: Chrome 52.0.2743 or higher

Macintosh Requirements

- Macintosh Requirements
- OS X version 10.9.x
- Intel Processor
- 256 MB or higher RAM
- 4 GB hard drive space
- Supported browsers: Chrome 52.0.2743 or higher

Chromebook Requirements

- 2 GB RAM or higher
- 16 GB hard drive space
- Intel processor
- Google Chrome 52.0.2743 or higher
