Digital Path—Interactive Student Edition

Follow the path to learn how to navigate the Interactive Student Edition.

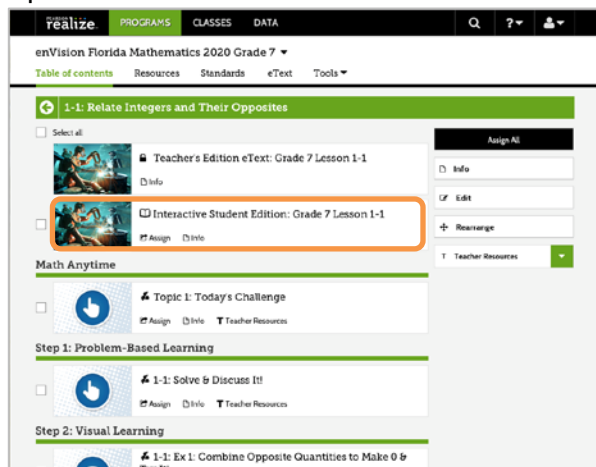

Digital Path	Click to Discover
<p>Sign in to SavvasRealize.com.</p> 	<p>Click Sign In. Enter your username and password.</p> <p>Select Programs, and select your enVision Florida Mathematics grade level.</p>
<p>Navigate to a topic.</p> 	<p>From the Table of Contents, scroll down and click a Topic.</p>

Navigate to a lesson.

From the topic level, click a **Lesson**.

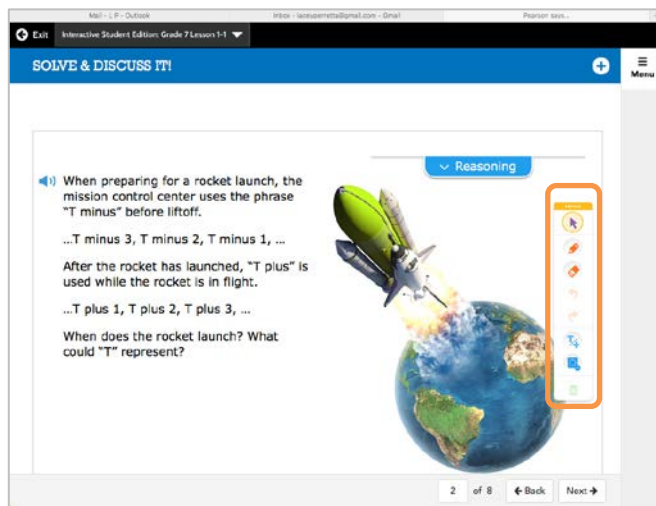

Open the **Interactive Student Edition**.

From the lesson level, click the **Interactive Student Edition**.

NOTE: If you want to assign the entire lesson to your students, click **Assign** under the Interactive Student Edition and follow the prompts. If you want to assign just one part of the lesson, click **Assign** under that part of the lesson. Tutorials are available on My Savvas Training that explain how to create classes and groups as well as how to create assignments.

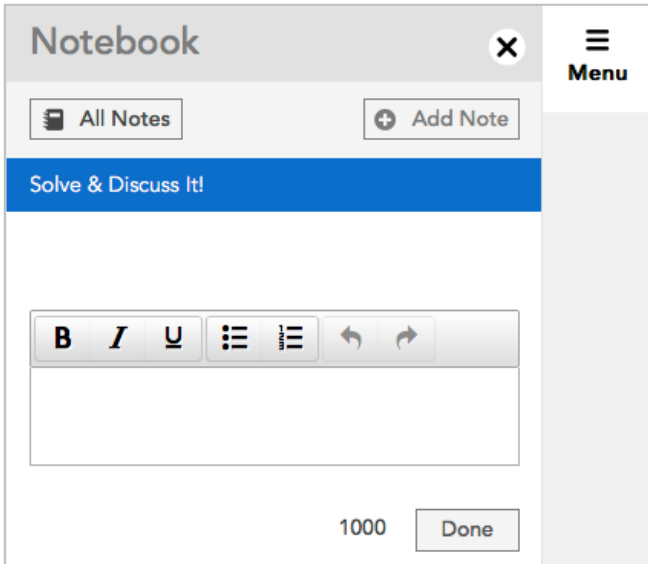

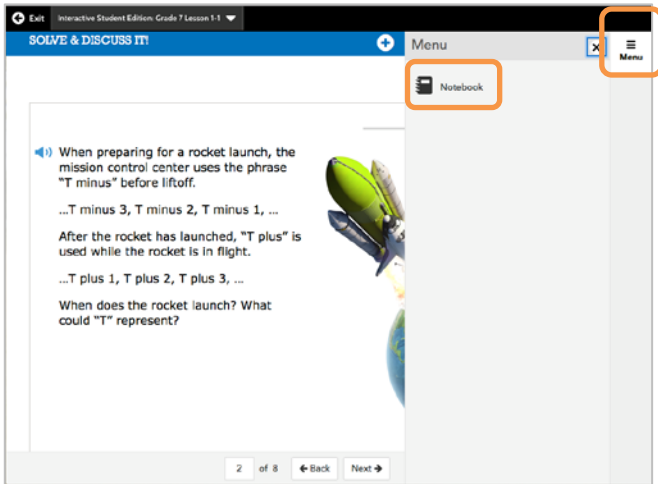

Explore the interactive **Solve & Discuss It!**, **Explain It!**, or **Explore It!**.

Use the **Draw Pad** tools to interact with the Solve & Discuss It!, Explain It!, or Explore It! task.

- Move the Draw Pad
- Cursor
- Draw, circle, underline, and more
- Erase
- Undo
- Redo
- Add text boxes with words and symbols
- Add a variety of shapes, number lines, grids, and fraction bars
- Delete all

Use the **Menu** to access the Notebook.

Click **Menu**.

Then click **Notebook**.

You and/or your students can take notes in the text box.

Click **Done** to save your notes.

Click the note to edit it.

Click **Add Note** to add more notes to the same page.

Click **All Notes** to see all of the notes you added in your Interactive Student Edition.

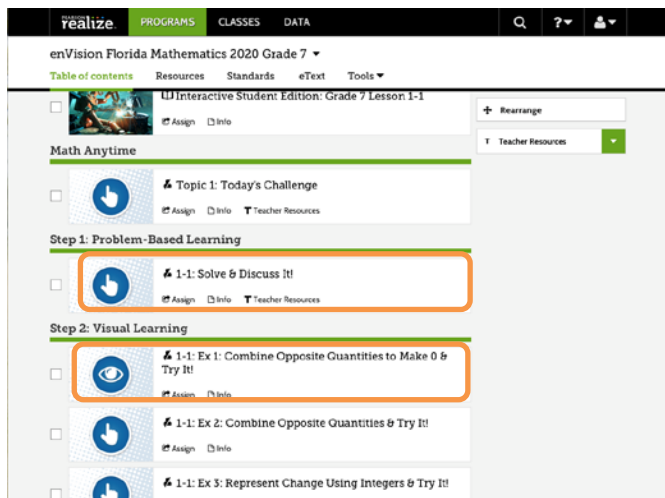

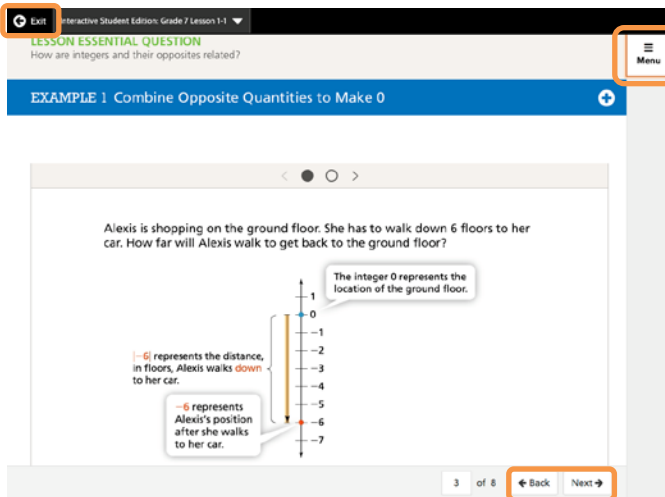

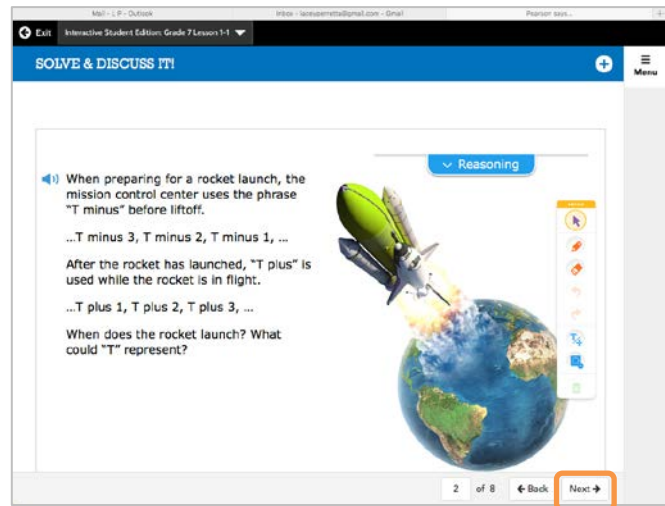

Click **X** to close the Notebook.

Click **Menu** again to hide the menu.

ACTIVITY: List two ways you might use the Interactive Student Edition Solve & Discuss It!, Explain It!, or Explore It! in your classroom.

- 1.
- 2.

Navigate to the next page in the Interactive Student Edition.

Click **Next** to turn to the next page.

Use the scroll bar to show different parts of the page. Use the Notebook features on any page.

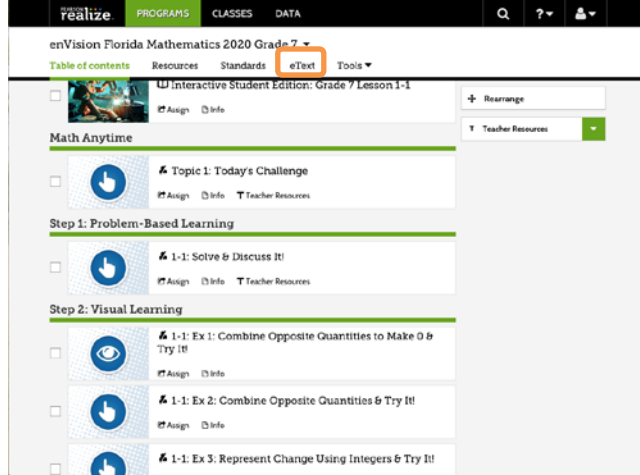

Click **Back** to return to the previous page, or click **Next** to see the next page.

Click **Exit** to return to Savvas Realize™.

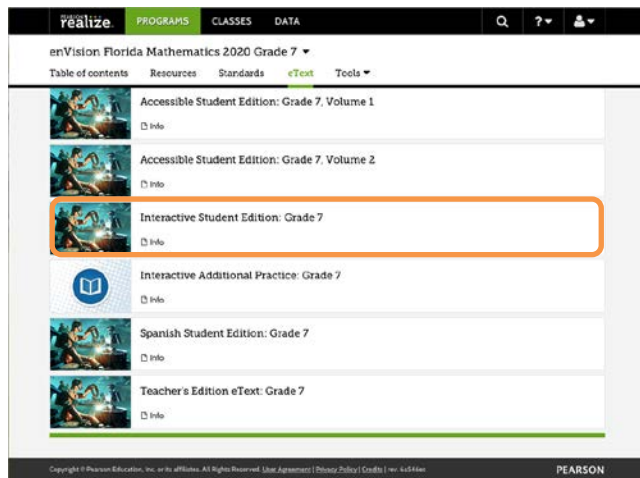

Remember, you can display lesson parts like the **Solve & Discuss It!** for the whole group by selecting them at the lesson level.

For example, play the Visual Learning Animation Plus by clicking the first **Example Under Step 2: Visual Learning** at the lesson level.

View the entire Interactive Student Edition.

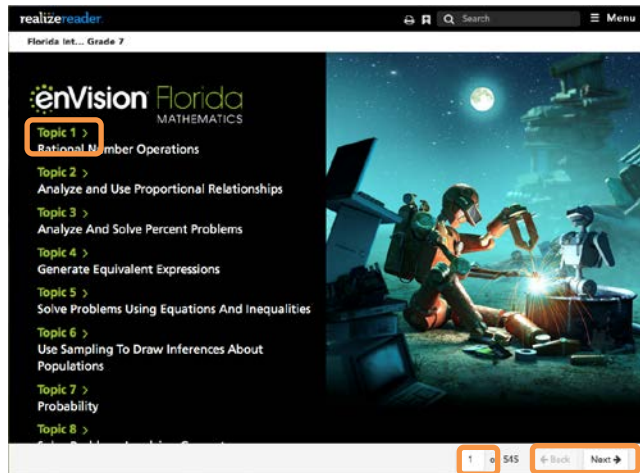

Click **eText** in the top toolbar to navigate to the list of available eTexts.

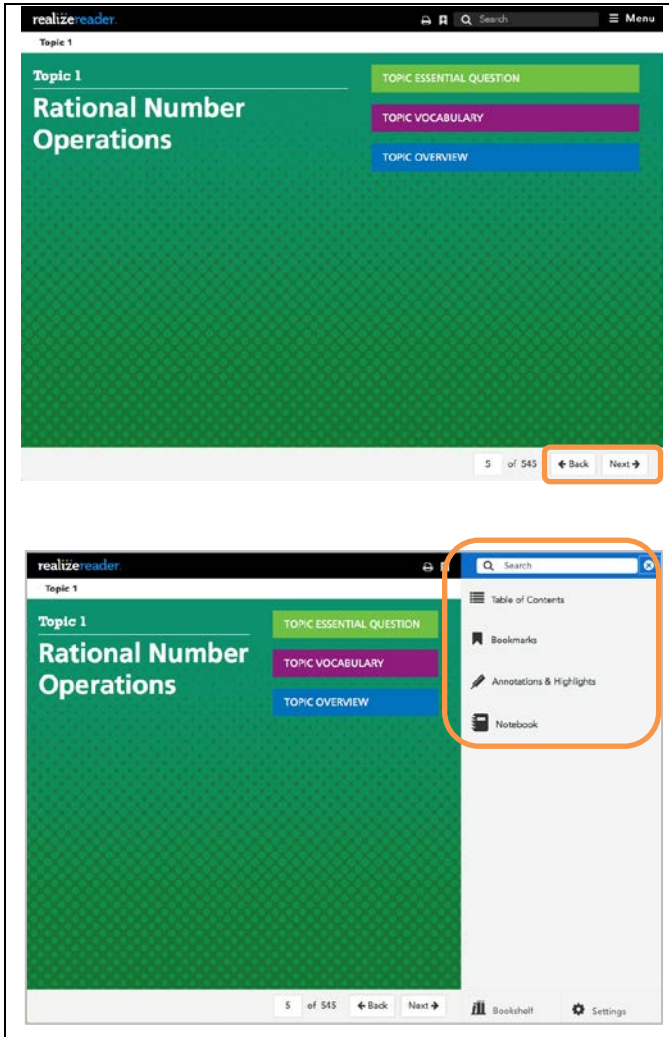

Click **Interactive Student Edition**.

Click **Open in new window**.

Navigate by clicking the **title** of a topic, task, or lesson; by clicking **Back** or **Next**; or by entering the page number in the text box.

You can click **Menu** to search. From the menu you can also access the following:

- Table of Contents
- Bookmarks
- Annotations & Highlights
- Notebook

ACTIVITY: List two features of the Interactive Student Edition that your students could benefit from in your classroom or at home.

- 1.

- 2.

NOTE: To explore other features of Savvas Realize, view the tutorials and handouts on the Savvas Realize page of [My Savvas Training](#).
