

## Lexile<sup>®</sup> Measures

Title	Lexile <sup>®</sup>
Grade 1	490-520
Grade 2	480-520
Grade 3	650-670
Grade 4	720-730
Grade 5	700-740

A Lexile measure is a number indicating the reading demand of the text in terms of the semantic difficulty (vocabulary) and syntactic complexity (sentence length.)

MetaMetrics<sup>®</sup> is a privately held educational research organization that develops scientific measures of achievement, best known for developing The Lexile<sup>®</sup> Framework and The Quantile<sup>®</sup> Framework, unified approaches for measurement of reading and math.
