

Savvas EasyBridge Basic

Savvas EasyBridge Basic provides customers using Savvas K12 digital products easy access to centralized administrator tools to manage users and class rosters. Administrators can create and manage both student and teacher accounts for use on Savvas Realize, Savvas SuccessNet, and Dash. In addition, central class rostering services share classes across three platforms. Administrators upload class rosters once and the rosters are available to teachers on Savvas Realize, Savvas SuccessNet, and Dash.

Teachers in schools without an administrator can manually create a class on Savvas Realize, Savvas SuccessNet, or Dash, and that class shows up on the other two platforms.

Getting Started with Savvas SuccessNet®

Before you and your students can use Savvas SuccessNet®, you need to complete these setup tasks:

1. Register for a Savvas digital curriculum account if you do not already have one.
2. Click **Check Settings** and view the System Requirements to ensure that your computer meets the minimum requirements.
3. Log in.
4. Add products.
5. Create classes.
6. Add students to classes.

Teacher Account

EasyBridge Basic teachers with an account for one of [these](#) Savvas learning platforms systems can sign in at SavvasSuccessNet.com with the same username and password. Teachers that need an account should ask if their school or district administrator will create teacher accounts or send teacher self-registration invitations. If not, teachers can request a self-registration invitation. Go to SavvasSuccessNet.com and click **Register Here**.

Log In

1. Go to SavvasSuccessNet.com
2. Click **Log in**.
3. Enter your username and password.
4. Click **Sign In**.

Forgot Teacher Username or Password

1. Go to SavvasSuccessNet.com.
2. Click **Log in**.
3. Click the Forgot your username or password? link.
4. Enter your username or e-mail address, and click **Submit**.

Adding Additional Products

1. Log in to Savvas SuccessNet®.
2. Click the down arrow to the right of your name, and select

My Account.

3. Click **Manage products** on the My Account page.
4. Click **Manage Products** on the My Products page.
5. Select your products and click **Save**.

Student Forgot Username or Password

Savvas SuccessNet® does not provide username or password help for students; therefore, students will be directed to ask their teacher for help.

To retrieve a student username:

1. Click **Manage Classes** on your Home page.
2. Click the view link under the Roster column for the class the student is enrolled in.
3. Locate the student name and view the information in the User Name column.

To change a student password:

1. Click **Manage Classes** on your Home page.
2. Click the view link under the Roster column for the class the student is enrolled in.
3. Click on a student name.
4. Click **Change Password**. Enter a new password in the Password field and re-enter the password in the Confirm Password field. Click **Submit**.

Using the Student Search Function

When you are adding students by selecting them from the school roster, the search function is useful to find specific students based on the search criteria you choose.

To search for a specific student:

1. Type the student's first name, last name, or ID. Leave the Grade Level on All grades since you might not know if the student has been promoted to the next grade.
2. Click **Search**.
3. A list of students that match search criteria appears.

TIP: Use an asterisks (*) as a placeholder for a sequence of letters or numbers.

Creating a Class or Group

1. Once logged in, click **Manage Classes** and click **Create a class/group**. Another option is to hover over the Classes tab and select **Build New Classes**.
2. Enter a class/group name.
3. Enter a period number and section ID (optional).
4. Select products to be used in this class/group, including resources and Success Tracker™ if available. Click **Save**.
