Empower yourself and your students with the digital resources!

**Listenwise®**

Brings the power of public radio to the classroom with nonfiction stories that connect teaching and learning to what is happening in the real world with public radio news and stories.

**Blackboard SafeAssign®**

Tool (for teacher use only) that can be used to review student work to prevent plagiarism and to create opportunities to help students identify how to properly attribute sources.

**BouncePages**

A free app that makes learning come alive with access to multimedia including model discussion videos, unit videos, audio, and interactive lessons.

**Teaching Channel®**

Provides an online community where myPerspectives teachers can learn, share, collaborate, and contribute. There are teacher forums, teacher-created assets, support resources, tools, and on-demand Professional Development videos.

**EssayScorer**

An online tool that automatically grades students’ essays and provides immediate feedback for revising and improving writing; includes writing prompts aligned to the Performance Tasks: Writing Focus for each unit as well as additional prompts in myPerspectives Plus to assign students for more writing practice.

**Google Classroom™ integration**

Allows teachers to use Pearson Realize content together with their Google Classroom instructional plans to better reach all learners. With one click, teachers can share Pearson Realize content through Google Classroom via the Classroom Share button.

The **Unit at a Glance** gives a birds-eye view of a unit.

- It shows the lessons broken down day by day.
- Typically, a day of instruction is a 40- to 50-minute class period.
- The number of days will vary depending on the grade level and selections in your unit.

You can access this tool and other planning resources such as Curriculum Maps, State Correlations, and Scope and Sequence Guides on [My Pearson Training](https://mypearsontraining.com).
